

“

“Living with metastatic cancer is frightening. It’s like those old cartoons where a character walking by a building sees a piano suspended over his head. You never know if or when that tether might break... when the treatment might stop working, and whether or not the next one will work. Wellspring is like a port in a storm to me. It’s a sanctuary that continues to make having cancer a lot more bearable.”

~ Dianne C., Wellspring Oasis Participant

JOIN WELLSPRING'S **MISSION LEADERS**

**YOU have the power
to change lives.**

Help People Live Better With Cancer

You can help people with cancer elevate their quality of life and strengthen their minds and bodies through innovative cancer support programs.

Become a Mission Leader

By donating \$5,000, you will become a Mission Leader at Wellspring. Your donation will provide ongoing support, legacy-building, and help through end-of-life transitions for people living with late-stage cancer.

Launched in 2023 to help advance Wellspring's priority funding needs, the Mission Leaders program was established through the visionary support of William (Bill) J.S. Boyle, who committed a \$50,000 cornerstone gift to support the delivery and expansion of Wellspring's Oasis suite or programs for people with advanced cancer.

How Your Gift Will Impact More Lives

People with advanced cancer live with great uncertainty and a fusion of emotional and physical health challenges. The Oasis suite of programs at Wellspring provides specialized support, coping skills, and therapeutic tools for people with late-stage cancer. These programs are proven to increase overall well-being, while helping people process difficult emotions, and reduce anxiety, depression, and isolation.

Wellspring's Oasis Advanced Cancer Suite of Programs

OASIS EXERCISE

Exercise techniques tailored to the specific needs of cancer patients with advanced disease improve quality of life, reduce pain and improve strength and endurance at all stages of the cancer journey.

OASIS ART EXPRESSION STUDIO

A protected space for patients with advanced cancer to practice artistic self-expression under the guidance of a professional art therapist, or to create a meaningful legacy project.

OASIS ADVANCED CANCER SUPPORT GROUP

Support groups offer opportunities to share experiences and learn valuable coping skills and other tips for improved quality of life while in a safe and protected space.

OASIS PARENTS' SUPPORT GROUP

Parents receive support and expertise on how to communicate with their children, leave a meaningful legacy, and manage their own stress and pain through the heartbreaking transitions facing them.

YOUR BENEFITS

You will receive a personalized annual stewardship report outlining the impact of your donation, and you will be invited to exclusive opportunities to learn about the impact of your support. Your gift will be recognized in Wellspring's donor listing and community newsletter.
