Annual Report **2025**

Fulfilling

a dream

When Anna Mantini's brother
Aldo died of cancer she embarked
on a mission to carry out
his life's wish. That wish
was a cancer support centre
for Niagara residents, which is set
to open this fall.

Anna Mantini
has been able
to carry out her
brother's wish
to have a cancer
support centre
in Niagara.

By ALDO MANTINI
Reporter Staff
It's a promise that Mantini doesn't intend to
break. On the day her brother Aldo died of
cancer, she vowed to carry out his wish of
having a cancer support centre in Niagara for people
affected by cancer.

Mantini, a 36-year-old graduate from Brock
University, was 30 years old when her brother
died. She was studying for her master's degree
in social work at the time. She was also
working as a social worker at the time. She
was also working as a social worker at the time.

She was also working as a social worker at the time. She was also working as a social worker at the time. She was also working as a social worker at the time.

She was also working as a social worker at the time. She was also working as a social worker at the time. She was also working as a social worker at the time.

Aldo Mantini, who died of cancer in 1999.

March 28, 2000

Ms. Ann Mantini
Chair, Wellspring Niagara Planning Committee
c/o 10 Adelaide
St. Catharines, Ontario
L2R 6K2

Dear Ann,

Thank you for your letter of March 10th, 2000, in which you requested an agreement in
writing for the Board of Directors of Wellspring to proceed with the development of a
cancer support centre for the Niagara Region, using the Wellspring name and
operational model.

First, we would like to congratulate you on your accomplishments to date. The
dedication and professionalism with which you are steering this initiative are exemplary
and greatly appreciated.

Second, we would like to propose that an agreement be concluded between the Board
of Directors of Wellspring and the Wellspring Niagara Planning Committee, outlining
respective understandings for the initial development period of the project. This agreement
should then be reviewed and renewed prior to the operational phase of the project.

We will undertake to draft an initial agreement, which we will forward for review and
discussion following the next meeting of the Wellspring Board of Directors on May 10,
2000. In the meantime, we will be pleased to accept any donations designated for
Wellspring Niagara and issue receipts for the same. These funds will be deposited in a
separate bank account and will be transferred to you, as needed, upon request.

In closing, I want to thank you for your efforts to introduce the Wellspring model of
cancer support to communities in the Niagara Region. We very much look forward to
working with you in the months ahead.

Yours sincerely,

Clara Lyle

Luther Wylde
Chair

2000 The Very First Step

When Aldo Mantini battled cancer, he discovered how hard it was to find support and **dreamed** of a place where Niagara families could access help, comfort, and **guidance** together. Although Aldo passed away on February 28, 1999, his sister, Ann, and dedicated volunteers made his **dream a reality**. Wellspring Niagara became a registered charity on **August 4, 2000**.

Founding Board of Directors and Volunteers (2000)

With heartfelt gratitude to our Founding Board and volunteers,
whose unwavering belief in Aldo's vision made this journey possible.

Message from the Executive Director

25 Years: The House Niagara Built

When my brother Aldo faced cancer, he discovered how isolating the journey could be. From that struggle came a simple belief: **no one should feel alone**. Aldo passed away in 1999, before he could see his dream realized. But this year, as we mark our 25th anniversary of Wellspring Niagara becoming a registered charity, I am certain he would recognize what his vision became.

We call our home at 50 Wellspring Way "**The House Niagara Built**," and the name is no exaggeration. We receive no government or hospital funding. Every brick, every program, every moment of comfort offered inside these walls exists because this community chose to build it, together.

The scale of what we've built still moves me. In 2001, we opened a modest 2,000-square-foot space in Thorold, where 700 program visits were recorded in our first year. Today, from an 11,000-square-foot home in Fonthill, we deliver more than 11,600 moments of care to over 1,200 people each year, all free of charge.

Behind those numbers are lives changed. We help people find hope and encouragement, help rebuild strength after surgery and treatment and just as importantly, find a community that understands. Across yoga, gentle movement and exercise, art therapy, children's and family programs, counselling, and our wig resource room, the message is the same one Aldo first imagined: here, you are not alone.

None of this would exist without you. To our community – the donors, volunteers, sponsors, and members: you are the architects of this house. The Town of Pelham, who entrusted us with the land. The thousands who answered the call to "Help Us Build Hope." The neighbours who give so that their friends and family facing cancer never have to pay for the support they need. You built this.

Twenty-five years in, our founding belief has only grown stronger, and so has the need. As we celebrate this milestone, we also look ahead: to the members not yet through our doors, and the hope still waiting to be built.

The journey continues. And with you beside us, so does the dream.

Together, we are helping people live better with cancer.

With gratitude,

Ann Mantini-Celima
Co-Founder & Executive Director

Our 25 Year Journey Continues

OPENING OUR DOORS

2001

Wellspring Niagara opened **June 4, 2001**, in Thorold, fulfilling Aldo's vision of a welcoming place for cancer support. His caring spirit lives on through this beacon of hope serving Niagara families facing cancer. For nearly **18 years**, the organization called this 2,000-square-foot unit at 3250 Schmon Parkway home.

Wellspring Niagara's impact grew dramatically – from **700** program attendances in 2001 to nearly **7,000** by 2018, a **ten-fold increase**.

SATELITE IN STEVENSVILLE

2008

Thanks to Meridian Credit Union's rent-free space donation, Wellspring Niagara opened a Stevensville satellite on **June 4, 2008**. After **nine successful years**, the centre closed on November 30, 2017, as Wellspring Niagara transitioned to a regional model to better serve all of Niagara.

OUR PERMANENT HOME

2017

Wellspring Niagara secured a major expansion from **2014–2017**. The Town of Pelham partnered with them, leasing 2 acres in Fonhill for just \$1 annually. The ambitious project expanded from 2,000 to **11,000 square feet**. In September 2017, Wellspring launched its "Help Us Build Hope" Campaign – with a **\$5 million goal** that marked the beginning of its new future.

Message from the Chair and Co-Chair

Stewarding a Legacy, Building the Future

Twenty-five years ago, a community came together around one belief; that no one should face cancer alone. As we mark this anniversary, we do so with deep gratitude for everyone who turned that belief into the organization Wellspring Niagara is today.

It is a privilege to serve on the Board of an organization built entirely by its community. Wellspring Niagara receives no government or hospital funding, and every dollar raised here stays in Niagara. That reality shapes everything we do as a Board: each decision is made with care, each gift is stewarded responsibly, and every program is protected so that it remains free to the people who need it.

This year, that commitment delivered real results. Wellspring Niagara served more than 1,200 people across our region, delivering over 11,600 moments of care, all at no cost. Behind each number is a neighbour rebuilding strength, a family finding support, and an individual discovering they are not alone.

We want to recognize the people who make this mission real every day. To the Wellspring Niagara staff team, fellow Board members, Committee members, and to our dedicated volunteers, we thank you for the compassion you bring to every visit. And to our donors and sponsors, thank you for the generosity that keeps our doors open and our programs free.

A milestone is also a moment to look ahead. The need for cancer support in our region continues to grow, and so does our responsibility to meet it. The Board is committed to ensuring Wellspring Niagara remains strong, sustainable, and ready to welcome every person who walks through our doors in the years to come.

To everyone who has been part of this journey, we thank you for your trust. With your continued support, the next 25 years hold the same promise as the first.

Together, we are helping people live better with cancer.

With gratitude,

Deborah O'Leary, PhD

2019 The House Niagara Built

The **"Help Us Build Hope"** campaign was a success, exceeding its \$5 million target. On **September 12, 2019**, Wellspring Niagara officially opened "The House Niagara Built." Members and the public toured the spectacular new facility, taking in and appreciating the warm, welcoming atmosphere that defines **Wellspring Niagara**.

"This is a **home** they can come to – and receive comfort, support, direction and **healing** for mind, body, and soul. This is part of building a compassionate community as we care for each other."

– **Dr. Janice Giesbrecht**, Honorary Chair,
Help Us Build Hope Campaign

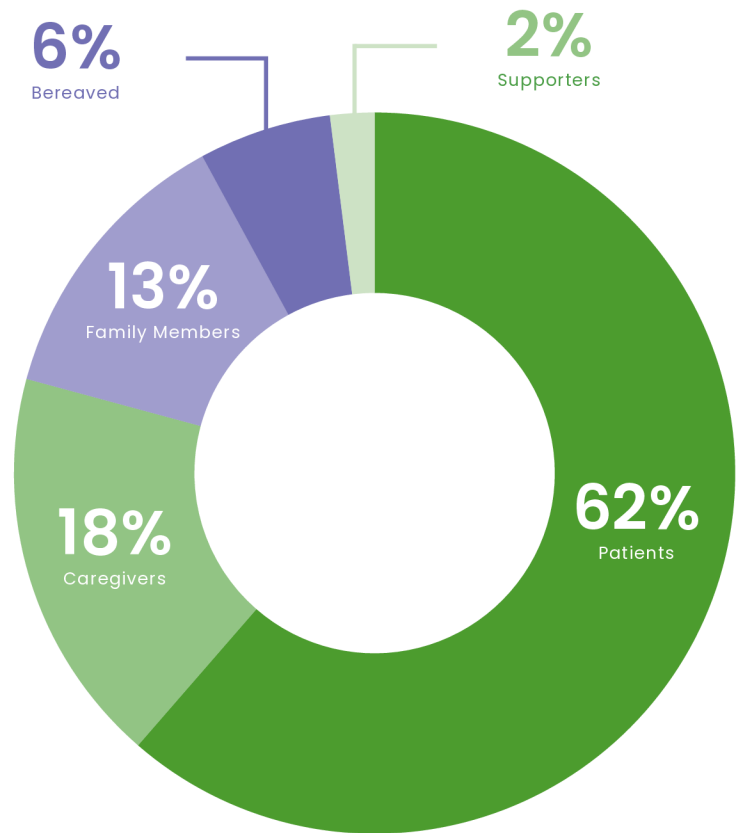

Bringing Hope & Healing to our Community

Impact at a Glance

Wellspring Niagara was there for **11,640 moments** when someone needed us most.

We walked beside **whole families**:

When cancer touches a family, we're ready, bringing quality professionally led programs, every one of them free of charge.

Behind those numbers are **1,274** people who took part in our programs this year, including more than **640** who walked through our doors for the very first time.

We were there for whole families, not just patients. Alongside those living with cancer, we supported caregivers, family members, supporters, and those grieving a loss. When cancer affects one person, it

affects everyone around them.

Our members joined us from all across Niagara and beyond, taking part both in person at our Fonhill home and virtually online.

The need spans every kind of cancer. Our members faced more than twenty different diagnoses, led by breast, lung, colorectal, and prostate, the cancers most common in our region. They came at every stage of life, from teens to members in their eighties.

This is community care: showing up, staying strong together, and ensuring no family faces cancer alone.

Voice of our Members

"No one should Feel Alone"

Aldo Mantini, Founder, 1999

Twenty-five years on, those words are still the reason people come through our doors. This year, our members told us, in their own words, what Wellspring Niagara means to them. The answer, more than ever, is belonging.

Throughout the year, connection became the number-one reason people came to Wellspring Niagara: **55%** sought belonging and connection with others living with cancer, up from **48%** the year before.

"Wellspring has been a lifesaver for me."

Overall Experience and Wellbeing

Wellspring Niagara is grounded in the Wellspring model—an evidence-based, proven approach to cancer support used by organizations across Canada. According to our 2025 Mission Survey results,

According to our 2025 Mission Survey results, Wellspring Niagara respondents agree that:

*"It took me several times to actually walk through the door. When I did, I was so **welcomed** and made to feel like I belong there. The volunteers are so **kind** and gentle."*

*"Wellspring has brought a **group of people together** who share the same feelings about the loss of a child. No one else can understand that feeling. We **support** each other and **learn** from each other."*

"We are so lucky to have Wellspring in the Niagara region."

From A Cane to the Stage: **Roger's Story**

When Roger Wyatt first came to Wellspring Niagara, he arrived leaning on a cane, still recovering from colon cancer surgery. His biggest fear was not the road ahead. It was that he might be too weak to even qualify for help.

He was wrong. Roger's recovery began with our Cancer Exercise program, led by professionals trained in oncology rehabilitation and built to rebuild strength while easing the fatigue and pain of treatment. "I feel very safe and confident with their advice as I progress," he says.

The change was remarkable. Today Roger walks without assistance, bends to pick up a coin, and lifts himself off the floor,

something he once believed he would never do again.

The deeper transformation surprised him most. "You make friends within your exercise group," he says. "There's a bond and care between members that helps with the healing." Wellspring gave Roger back his independence, and a community that understands.

It gave him back his music, too. At our Light Up Hope celebration, the man who once leaned on a cane took the stage and performed live.

"It's the **bright light** at the end of that **long cancer tunnel**."

Our Community of Support

Every Dollar Raised Stays in Niagara

Wellspring Niagara receives no government or hospital funding. Everything we do is made possible by the people of Niagara, and in 2025 they showed up for us in remarkable numbers.

From golf tournaments to bake sales, fashion shows to fishing derbies, our community rallied through more than forty events and campaigns over the year. Together, these events raise hundreds of thousands of dollars each year, helping keep our programs free for the families who need them.

Some of these gatherings have become beloved traditions. Our 25th Anniversary Gala at White Oaks brought hundreds together to celebrate a quarter-century of hope.

The Rankin Cancer Run returned in person and lifted the whole region. Tim Hortons Smile Cookie week brought smiles to thousands. The Necklaces of Hope continues to thrive raising thousands each year.

Every single community initiative continues to make a difference.

No gift was too small, and every one mattered.

WELLSPRING NIAGARA COMMUNITY

We Thank You

Rediscovering Who She Is: **Hilary's Story**

When Hilary Collins received a late-stage cervical cancer diagnosis in December 2019, it did not just affect her. It upended her whole family. Her husband became a caregiver overnight, and their young son struggled to understand why his mom was so sick. "The news came as a devastating shock," Hilary recalls, "turning everything in my life upside down."

After gruelling treatment, a friend introduced the Collins family to Wellspring Niagara. What they found was more than a support centre. It was a place where each of them could heal in their own way. Hilary found solace in art therapy, quilting, and cooking classes. Her son found a safe space to process his feelings through

children's programs and play therapy. Her husband found strength among other caregivers.

"Wellspring Niagara truly offers something for everyone," Hilary says. "It creates a warm, nurturing environment where you can fully let your guard down and be yourself without judgment."

For Hilary, that meant becoming herself again.

"Before Wellspring, I was a patient. **After Wellspring**, I **rediscovered** all the other parts of who I am: artist, mother, friend, **survivor**, through the gentle guidance of those who've walked this path before."

Our Volunteers

The Heart of the House Niagara Built

WELLSPRING NIAGARA VOLUNTEERS

We love you

Wellspring Niagara has no paid program that can replace what our volunteers give freely every day: their time, their compassion, and for many, their own lived experience with cancer.

In our 25th year, nearly 100 volunteers walked beside our members, and they are part of a remarkable legacy.

Over the past quarter-century, more than 300 individuals have given their time and talents to Wellspring Niagara, some still serving today.

They are everywhere. At the front door with a warm greeting. In the exercise room guiding a recovery. On the Board and committees shaping our future. At fundraising events throughout the year. At the Walker Family Cancer Centre, meeting patients where their journey begins.

Many of our volunteers have faced cancer themselves. They sit with members in their hardest moments and offer something no textbook can teach: the courage to share their own vulnerability so that someone else can find strength. That is peer support at its most powerful.

Without our volunteers, Wellspring Niagara would be a building. **With them**, it is a **sanctuary of hope, healing, and possibility.**

To every person who has volunteered over these 25 years:

**Thank you for being the
extraordinary force behind
everything we do.**

Partnership in Cancer Care

Niagara Health & Wellspring Niagara

In April 2025, together with Niagara Health, we launched the **Niagara Health and Wellspring Niagara Partnership in Cancer Care**, linking hospital treatment with community support for the first time. Wellspring volunteers are now present in the waiting and treatment areas of the Walker Family Cancer Centre, Niagara's regional cancer centre, ready to talk with patients and families and connect them to the support that awaits them beyond the hospital doors. This partnership meets people in that moment, offering emotional support, peer connection, and a sense of belonging right where their journey begins.

Beyond 25 Years

Looking Ahead

Twenty-five years in, Wellspring Niagara is not standing still. Our Board approved a new strategic plan, **Evolving with Intention**, to guide us from 2026 to 2029.

Making the most the house Niagara built

Exploring refurbishing our lower level to expand programs, with naming opportunities for the community.

Keeping programs free, always

Broadening how we are supported so every programs remains free of charge.

Welcoming new voices

Inviting new members, partners, and leaders to expand our circle across Niagara.

Building strength for the next 25 years

Investing in our team and leadership and ensuring financial sustainability, so our free supportive cancer care services continues.

Mark Chindemi, Drum Therapist

Wellspring Niagara Program Leader

Financial Stewardship

Funded Entirely by our Community

Treasurer's Message

Robert Jones, CPA-CMA, Treasurer
Wellspring Niagara Cancer Support Foundation

On behalf of the Finance Committee, I am pleased to present a financial summary of the operations of Wellspring Niagara Cancer Support Foundation for the fiscal year ending December 31, 2025.

Wellspring Niagara is a not-for-profit organization that operates independently, receiving no funding from government, hospitals, or United Way. We rely entirely on the generous financial support of our community. We are proud that every dollar donated stays in Niagara to directly benefit local residents facing cancer.

Our auditors, Jones and O'Connell, conducted a comprehensive audit of the 2025 fiscal year and found our records in excellent order. Complete audited financial statements are available upon request.

The 2025 fiscal year marked a significant financial recovery. Total Programs Fund revenue reached \$1,119,362, an increase of nearly 39% over the prior year, driven by strong growth in donations and the successful return of our signature Gala and expanded fundraising events. Donations alone rose to \$887,219, reflecting the deep and growing generosity of our community.

This growth allowed us to increase our investment in programs to \$496,084 while returning to a healthy surplus of \$33,288, a meaningful turnaround from the prior year's deficit. We also reduced our outstanding debt by \$145,028, strengthening our long-term financial position.

Total net assets grew to \$4,328,979, and the organization ended the year with a strong cash position of \$543,763. These results reflect careful stewardship and a commitment to financial sustainability as we enter our next chapter.

The Finance Committee extends heartfelt gratitude to our community for their unwavering support and to our dedicated Wellspring Niagara staff for their exceptional commitment. Their tireless efforts ensure we continue fulfilling our mandate of providing excellent, comprehensive supportive care to cancer patients and their families throughout Niagara.

Your continued partnership enables us to be here when our community needs us most.
