

We want everyone to know about Wellspring! Adopt a Physician or Congregation

Would you consider becoming a Wellspring ambassador by introducing us to your family doctor, pharmacist or faith community?

- Tell your doctor about your experience at Wellspring on your next visit and share an information package with them
- Ask your community faith leader to come for a tour
- Ask if brochures can be left at your place of worship
- Tell your pharmacist about Wellspring and see if brochures can be displayed

For more information or an information package,
please ask the front desk volunteer.

We appreciate your help in sharing Wellspring with the community!
