

WIG LENDING PROGRAM

Losing hair as a cancer patient can have a significant emotional, psychological and physical impact. However, buying a wig can be expensive and difficult.

Wellspring Birmingham Gilgan House in Oakville offers wigs for individuals living with cancer at no cost. Our experienced volunteers will be with you every step of the way, from helping you find your look to advising on how to care for your wig. Wigs can be exchanged at any time.

Please note: Our wig inventory is based on generous donations and thus selection is limited. If you would like to make a wig donation, simply drop them off at the front desk.
